

Bangalore Mass Spectrometry Course

The mass spectrometry resources on Bangalore Life Sciences (BLiSc) campus aim to provide researchers with state-of-the-art techniques and equipment to characterise biomolecules including proteins and peptide, Glycans, metabolites and lipids.

Course Content: This introductory hands on course will cover,

- ▶ Theory of liquid chromatography and mass spectrometry,
- ▶ Sample preparation,
- ▶ Hands on data acquisition
- ▶ Data interpretation of small molecules and large biomolecules

LAST DATE TO APPLY: December 15th, 2016 (Midnight)

**Course Date:
4-6 Jan 2017**

Who should attend?

Those who are planning to use existing LC-MS systems are encouraged to apply. Those who have completed and/or in final year of B. Sc, B. Tech, M. Sc and M. Tech can also apply.

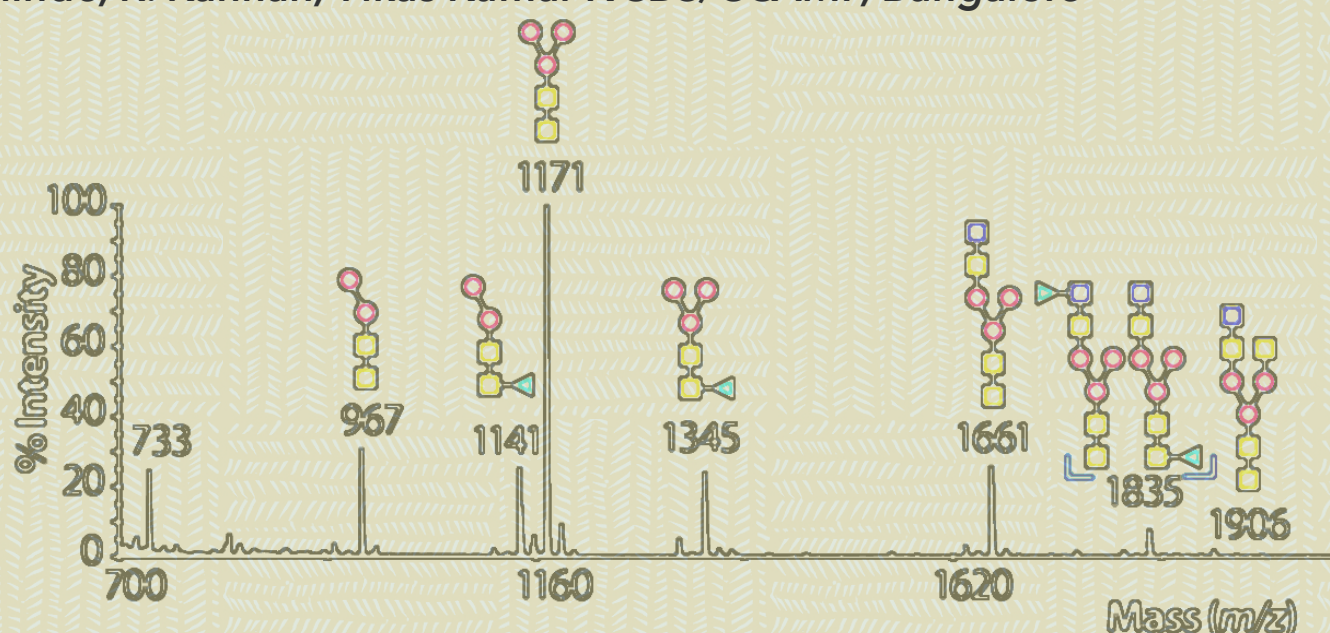

Organizers: Drs. P. Babu, Dhananjay Shinde, R. Kannan, Vikas Kumar NCBS/CCAMP, Bangalore

Participation Fee: 5000 INR
