Newsletter Spotlight of November 2022

Eyestem, Log 9, Bugworks & Pandorum: 4 C-CAMP supported startups have won the ET “Top Innovator” Award since 2017!

With innovations lying across deep-sciences in cell therapy, drug discovery, tissue engineering and cleantech, these 4 startups have won this award across all sectors! A true testament to C-CAMP's efforts in fostering science based innovations for societal impact.

Bugworks: New line of broad- spectrum antibiotics to fight multi-drug resistant bacteria (2017)

Pandorum: Lab-engineered human tissue and organoids to address organ transplant gaps (2017)

Log 9 : Enhancing electric mobility in India with sustainable solutions (2021)

Eyestem: Treating incurable retinal disorders with affordable and scalable stem-cell based therapies (2022)
